About SRM

SRM is one of the largest multi-disciplinary higher educational institutions in India catering to over 45,000 students across 8 campuses in 5 states. Imparting education par excellence since 1985, SRM currently offers more than 300 programs in the fields of Engineering & Technology, Medicine, Dentistry & Other Health Sciences, Science & Humanities, Management, Law, Agricultural Sciences, and Hotel Management. The flagship SRM IST campus is situated in Kattankulathur (KTR) which is a 30-minute drive from the bustling city of Chennai. The campus, a 250+ acre vibrant campus, is a microcosm of the Indian sub-continent hosting students from across Indian states and outside India from over 95 countries. SRM also stands at the forefront of contemporary research having intellectual property comprising of over 25,000 publications, 300+ crores of research funding, and 100+ patents to its name.

SRM Medical College Hospital & Research Centre (Affiliated to SRM IST) is a major landmark at SRM's flagship campus at KTR offering undergraduate, postgraduate, and doctoral programs in the field of medicine & health sciences. The medical college has an attached 1600+ bedded super-specialty hospital which has served the healthcare needs of over 1 crore patients since 2005. SRM Medical College regularly features at the top of national rankings in the country. The medical college is also a centre for vibrant research adding numerous publications, clinical trials, and vaccine trials to its list every year.

22+ modular operation theatres

Simulation centre in association with Harvard University

The SRM Advantage

'Learn, Leap and Lead': Nurturing the thought leaders of tomorrow

SRM believes that the students of today shall become the thought leaders of the future in the domain of medicine and science. By fostering a culture of striving toward excellence, SRM Medical College nurtures all its students to identify their capabilities and push the limits to bring out the best in them. As a medical student, you will build a solid foundation while also staying in tune with the latest medical trends

Integrated Eco-system @ SRM

SRM encourages and leverages collaborations within the institution which caters to 45,000+ students and 3500+ faculty in diverse fields such as Medicine, Dentistry & Other Health Sciences, Engineering & Technology, Science & Humanities, Management, Law, and Agricultural Sciences. Through our connected eco-system, we serve as a platform for our medical students interested in pursuing interdisciplinary research projects and other collaborative initiatives

Think SRM, Think Healthcare

The programs at SRM Medical & Health Sciences include courses across the spectrum ranging from Medicine, Dentistry, Pharmacy, Occupational Therapy, Physiotherapy, Nursing, Public Health, and Allied Sciences. The objective is to create a broader panoramic view of the field by exposing them to the various aspects of the healthcare industry. We were also one of the few private medical colleges in India to successfully conduct the Covid-19 vaccine trials in association with ICMR - Bharat Biotech (Covaxin)

'Bench to Bedside' Learning: Learn how to think and not what to think

SRM has developed an innovative 'Bench to Bedside' learning model. This application-based learning model coupled with a first-of-its-kind simulation centre developed in association with Harvard University helps our students' experience hands-on learning in a unique manner. The curriculum is 'NEXT integrated' and is reviewed extensively every year to keep abreast with the latest developments in the field. With a high patient load at the 1600+ bedded super-specialty hospital, our medicos are exposed to numerous cases and surgeries performed regularly in each of the 30+ broad and super specialty departments

Culture of inclusivity and diversity

SRM Medical College has a gender diversity ratio of 54% and a regional diversity of 58%. Students from multi-cultural backgrounds across India and abroad pursue programs at SRM. SRM is a truly multi-cultural campus where each idea and every perspective matters

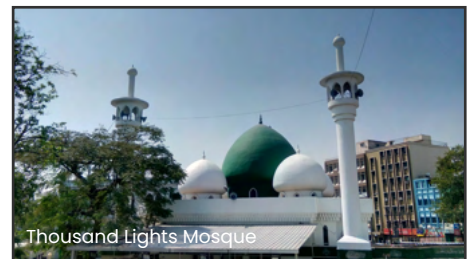

Faculty Experience and Quality

The teaching faculty at SRM are highly renowned professionals in their field of study and research pursuits. A majority of our faculty are renowned surgeons, experienced academicians and seasoned researchers. They constantly enhance their skills being at the forefront of medical advancements in their fields and simultaneously impart knowledge of the highest quality to every student. With a robust one-on-one faculty-student mentorship program at SRM, the medical college ensures that no student is left behind in academics, professional growth, and personal development

Chennai – The Health Capital of India

SRM is one of the largest multi-disciplinary higher educational institutions in India catering to over 45,000 students across 8 campuses in 5 states. Imparting education par excellence since 1985, SRM currently offers more than 300 programs in the fields of Engineering & Technology, Medicine, Dentistry & Other Health Sciences, Science & Humanities, Management, Law, Agricultural Sciences, and Hotel Management. The flagship SRM IST campus is situated in Kattankulathur (KTR) which is a 30-minute drive from the bustling city of Chennai. The campus, a 250+ acre vibrant campus, is a microcosm of the Indian sub-continent hosting students from across Indian states and outside India from over 95 countries. SRM also stands at the forefront of contemporary research having intellectual property comprising of over 25,000 publications, 300+ crores of research funding, and 100+ patents to its name.

Life @ SRM: A place to call home

SRM Medical College Hospital & Research Centre has invested in cutting-edge technologies fit for modern times. The campus has best-in-class facilities to enhance the learning outcomes for the students which includes a state-of-the-art simulation centre in association with Harvard University, 22+ modular operation theatres, 7+ ICUs, and 1600+ beds in 30+ broad and super-specialty departments.

The Medical College also ensures a pleasant homely stay at the campus offering air-conditioned hostels and mess facilities to create a conducive learning environment for the students.

A Vibrant Social Life at SRM

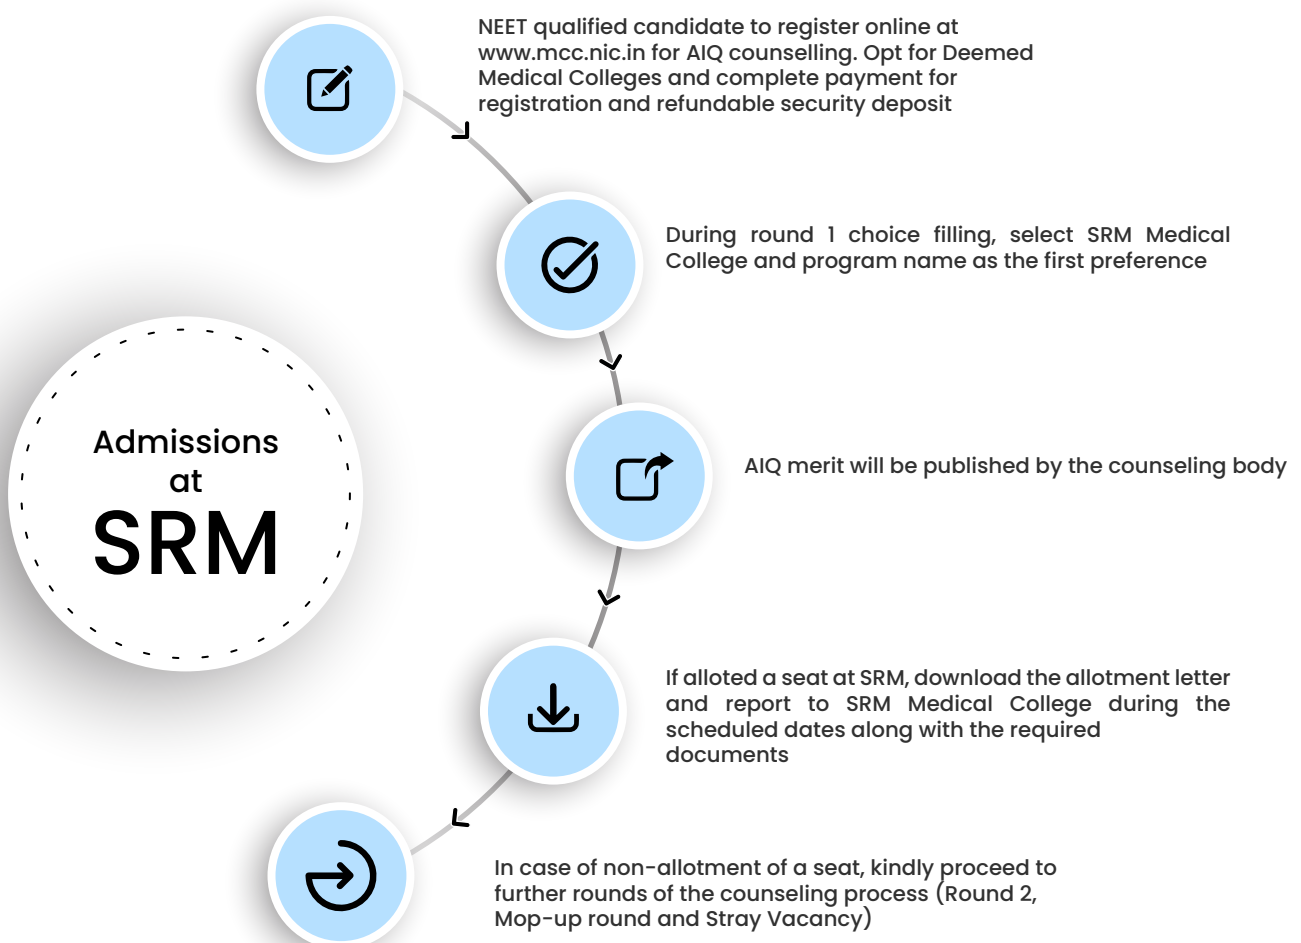

Being under the SRM umbrella, the campus brings together students from diverse cultures and perspectives which enables opportunities for the students to make friends and create professional networks across a range of fields that will last for a lifetime. There are various student clubs and societies on the campus providing ample opportunities for personal and professional growth. A healthy body enables a healthy mind. With sports arenas built across the 250+ acre green campus, students can participate in a range of sports and other recreational activities inside the campus. The annual cultural events at SRM are considered one of the best in the country with students participating from institutions across India.

Study at SRM Medical College Hospital & Research Centre

Admission to MBBS, MD and MS programs at SRM will be through the National level counselling process conducted by Medical Counselling Committee (MCC), Directorate General of Health Services (DGHS). Candidates should have qualified in the National Eligibility-cum-Entrance Test NEET UG and NEET PG, 2022 conducted by the National Board of Examinations in Medical Sciences. The eligibility for the programs shall be as prescribed by the National Medical Commission (NMC). For more information on the counselling dates and process, kindly visit <https://mcc.nic.in/>.

100% of seats for SRM Medical College (Deemed) are allotted via the All India Quota. State quota is not applicable for Deemed Institutions. On obtaining an allotted seat for SRM Medical College Hospital & Research Centre, the candidate needs to report to the institution along with the necessary documents within the due dates specified by the MCC and pay the required fee amount. The venue for reporting shall be SRM Medical College Hospital and Research Centre, KTR. Location and Contact Details are mentioned at the end of this document.
